

BAMIDELE MAYOWA A. ELIJAH

JUNIOR SOFTWARE & CLOUD DEVELOPER

Stockholm, Sweden | +46 73 778 36 22 | ✉ elijah71176@gmail.com

[LinkedIn](#) | [GitHub](#)

SUMMARY

Junior Software & Cloud Developer with hands-on experience building backend and full-stack applications using Java, Spring Boot, Node.js, TypeScript, Next.js and REST APIs. Experienced with PostgreSQL, MySQL and MongoDB, as well as deploying and containerizing applications using AWS, Docker and CI/CD pipelines. Practical experience includes cloud deployment, database integration, authentication, troubleshooting and application support. I also bring professional IT support experience, strengthening my problem-solving, communication and technical support skills. I am seeking an opportunity in software, backend, full-stack or cloud development where I can contribute to real-world projects and continue growing professionally.

TECHNICAL SKILLS

Programming & Backend:

Java • Spring Boot • Node.js • TypeScript • JavaScript • Express.js • NestJS • REST APIs

Frontend:

Next.js • React • HTML5 • CSS3 • Bootstrap

Databases:

PostgreSQL • MySQL • MongoDB • SQL • NoSQL • Database Migration • ORM

DevOps & Tools:

Docker • Docker Compose • Git • GitHub • GitHub Actions •
CI/CD • Maven • Linux

Cloud & AWS:

AWS • EC2 • S3 • RDS • IAM • Lambda • Elastic
Beanstalk • CloudFormation

Development Practices:

OOP • Agile/Scrum • API Integration • Authentication/JWT •

Testing • Troubleshooting

Professional Skills:

Problem Solving • Teamwork • Communication • Customer Service • Adaptability • Continuous Learning

EXPERIENCE

Full-Stack & Cloud Developer Intern

2025 - 2026

Swebatu AB | Stockholm, Sweden

- Contributed to the development of Mini-DPS, a full-stack cloud application, working across frontend, backend, database and deployment.
- Developed and integrated application features using Node.js, TypeScript, REST APIs and PostgreSQL, including database migrations and ORM-based data management.
- Used Docker and Docker Compose to containerize and run application services across development environments.
- Deployed and tested applications using Vercel and Render, troubleshooting configuration, deployment and database integration issues.
- Used Git and GitHub for version control and collaborated using practical full-stack, cloud and DevOps workflows.

IT Support Technician (Remote)

2026

Teceze AB | Stockholm, Sweden

- Provided remote IT support and technical troubleshooting for end users.
- Diagnosed and resolved hardware, software, and network-related issues.
- Assisted users with system configuration and technical support requests.
- Delivered professional customer support while ensuring timely issue resolution.
- Supported on-site/field technical activities when required and coordinated troubleshooting with remote technical teams.

Owner / Self-Employed – Transport Services I

2019–2026

Mayor Transport | Stockholm, Sweden

- Delivered exceptional customer service, prioritizing passenger safety and resolving complaints
- Managed company finances including daily budgeting, accounting, and expense tracking
- Conducted regular vehicle inspections and maintenance to ensure fleet roadworthiness

PROJECTS & DEPLOYMENTS

Mini-DPS Client Portal | TypeScript, Next.js, Node.js, PostgreSQL

- Developed a full-stack client portal with service requests and an admin dashboard for managing customers and projects.
- Built frontend and backend functionality using Next.js, TypeScript, Node.js, REST APIs and PostgreSQL.
- Used Docker/Docker Compose, ORM-based database management and authentication to support application development and security.
- Deployed and tested the application using Vercel and Render, troubleshooting deployment and database integration issues.
- GitHub: <https://github.com/Elijah71176/mini-dps>

Student Management System | Java, Spring Boot, MySQL, AWS Elastic Beanstalk

- Developed a backend web application using Java, Spring Boot and MySQL to manage student records.
- Implemented CRUD operations for creating, retrieving, updating and deleting student data.
- Integrated the application with a MySQL database for persistent data storage.
- Built and tested the application using Maven and Spring Boot development practices.
- Deployed the completed application to AWS Elastic Beanstalk as part of the academic project.
- GitHub Repository: <https://github.com/Elijah71176/group-project>

Technical Project – Web Application | AWS, CI/CD

- Built and containerized a web application using Docker and deployed it to AWS.
- Created a CI/CD pipeline with GitHub Actions to automate build, testing and deployment workflows.
- Worked with AWS services including EC2, S3, RDS and IAM for application hosting, storage, database and access management.
- Applied cloud security and deployment practices, including IAM permissions and environment configuration.
- GitHub Repository: <https://github.com/Elijah71176/TekniskProjekt>

EDUCATION

JENSEN Yrkeshögskola | Stockholm, Sweden

Cloudutvecklare AWS (CAW24S) – Higher Vocational Education, SeQF Level 5 |

2024–2026

Relevant Areas of Study

- Completed practical training in Java, Spring Boot, object-oriented programming, REST APIs and backend development.
- Worked with SQL, PostgreSQL, MySQL and MongoDB/NoSQL, including database design, integration and data management.
- Developed and deployed cloud applications using AWS services including EC2, S3, RDS, IAM, Lambda and Elastic Beanstalk.
- Applied Docker, CI/CD, Git/GitHub, testing, cloud architecture and security practices through hands-on projects and workplace training (LIA).

Federal College of Fisheries and Marine Technology | Lagos, Nigeria

Diploma in Nautical Science I

2004–2006

Relevant Areas of Study

- Studied navigation, seamanship, maritime safety, ship operations and marine communication.
- Completed practical training in watchkeeping, safety procedures, emergency response and maritime operations.

CERTIFICATIONS

Docker Basics for DevOps — KodeKloud | Aug 2025

Operating Systems and You: Becoming a Power User — Google / Coursera | Feb 2026

ADDITIONAL INFORMATION

- **Languages: English** – Full Professional Proficiency | Swedish – Professional Working Proficiency
- **Driving Licence:** B, C1, C
